Re-presentation of financial information in US dollars

As announced in July 2024, the Group will change its presentation currency to US dollars for all reporting periods starting from 1 January 2025, as it believes that this will provide better alignment of the reporting of performance with its business exposures. Consequently, the Group's first quarter results for the three-month period ending 31 March 2025, and all subsequent financial information, will be prepared using US dollars as the presentation currency.

For comparative purposes, the Group has today published historical financial information re-presented in US dollars on its IR website (www.rentokil-initial.com/investors). The selected unaudited information included in the document has been derived from the consolidated financial statements and accounting records of the Group for each of the years ended 31 December 2022, 31 December 2023 and 31 December 2024, and for the six months ended 30 June 2024.
